

THE MUSIC. THE ENERGY. THE CONNECTION.

Seattle-based and touring nationally, Washed in Black brings the music of Pearl Jam to life through a tribute built around musical authenticity, stagecraft, and the connection between band and audience. From the opening song to the final encore, the show invites fans to sing along and share in the energy of a live Pearl Jam experience.

Drawing on extensive experience performing in clubs, casinos, theaters, and festivals, the band performs in both full concert and unplugged formats. The aim is to capture the sound, spirit, and vibe that helped define a bold new era in rock, and share it with audiences and fans.

Washed in Black takes a team approach to every engagement, working with venue owners, talent buyers, venue staff, stage managers, and sound engineers to help deliver a smooth, successful show.
